THE WAY TO DO IT. BY M. M. D.

I'll tell you how I speak a piece:
First I make my bow;
Then I bring my words out clear
And plain as I know how.

Next I throw my hands up so! Then I lift my eyes— That's to let my hoarers know Something doth surprise. Next I grin and show my teeth, Nearly every one; Shake my shoulders, hold my sides; That's the sign of fun.

Next I start and knit my brow, Hold my bead erect; Something's wrong, you see, and I Decidedly object. Then I wabble at my knees,

Clutch at shadows near, Tremble well from top to toe; That's the sign of fear. Soon I seewl, and with a leap Seize an airy dagger. "WREYCH!" I ery. That's tragedy, Every soul to stagger.

Then I let my voice grow faint, Gasp and hold my breath; Tumble down and plunge about: That's a villain's death.

Quickly then I come to life,
Perfectly restored;
With a bow my speech is done,
Now, you'll please appland.

ROMEO AND JULIET" IN VERONA.

"ROMEO AND JULIET" IN VERONA.

In the whole Shaksperian catalogue there is no play more thoroughly Italian than "Romeo and Juliet." Enthusiasm for the mighty master may be the parent of such opinion, you may surmise, but just take a through ticket by the Victor Emmanuel railway, and leave the train at the Porta Nuova, Verona, and trot on the next day to Mantua, and you will come to be of my mind. Gorgeous as Mr. John George Gilbert's illustrations to the Routledge edition, his superb designs when he touches the Italian dramas, seem to me meagre and shrivelled. It is in the text that you must look for the genuine local coloring, the choice Italian. There you will feel the real Italian sushine, the balmy nights, the bath of moon light, the lounging lasy lives of the men and women, the saunterings, and sighings and whisperings, chequered every now and then by fierce outbreaks of passion—by the sharp scream, the torrent of passionate invective, the quick curse, the sudden stab. Upon my word, not six weeks since at Verona I saw Sampson biting his thumb at Abram, and Gregory backing him up; and then there was a rize, and the Capulet women rushed out of their houses and slapped the Mentague children violently, and Benvolie strove in vain to quell the turmoil, and old Capulet in his gown (the carried on the profession of money-changer, and had been disturbed from his slests) came shuffling out of his shop, with Lady Capulet, in a dingy bedgown, elinging to him, and then the ven. erable Montague (who had subsided into the peaceful pursuit of vending saffron-taited sausages) issued from his back parlor, accompanied by his lady, and gave Capulet a piece of his mind; and then the women scoided and the men stormed, and the dogs barked, and everybody bit his or her thumb, or snapped their fingers at everybody else; and people who had seemingly nothing on earth to do with the fray flung open third-floor casements, and icheat with about a wathing out of a west of the strike and icheat with a west of the floor of the strike and snapped their fingers at everybody else; and people who had seemingly nothing on earth to do with the fray flung open third-floor casements, and joined with shrill verbiage in it; and there was, on the whole, a devil of a commotion. It did not concern me; but I feit so excited, that had I had a weapon on my thigh, I am afraid I should have drawn, and had a lunge at so mebody. As it was, I found myself in fierce parley with an old woman who sold lemenade under an old archway; and where it would have ended I know not, had not, in the nick of time, Prince Escalus (represented for the nonce by an Austrian corporal's guard with fixed bayonets) come up, and abused the combatants all around in Teutonic Italian. Some one—I believe Gregory—was marched off to the guard-house; and I made my peace with the old lady who sold lemonade; and Capulet went back to his siesta, and Montague to his sausages. But until I left Ve-BY E. J. SWEET,

Romeo sighing over his sugar-and-water. I went to see the so-called tomb of the ill-starred lovers but that apocryphal monument did not help my illusion. The streets were enough for me. What does it matter, I asked myself, whence the master obtained his plot, or who the lovers really were; whether, as Mr. Donce essayed to prove, the orig-inal tale comes from a Grock author, one Xene-phon Ephesius, or whether the events recorded took place, not at Verona, but at Slenna, Romeo

laid the scene in Italy; and that the play is Italian to the very core.

In what part of the Continent, if you please, save Italy, would that garden scene have been feasible? Italy is the country where, after the scorching day, comes a cool and temperate night. Italy is the land where young people sit up all night to make love, and where, too, they do tumble into love with one another at first sight. In decorous England, Juliet's sudden passion for Romeo might have been considered improper. In Italy nothing could have been more natural. It is where the sun is so warm that the corn ripens so quickly. And the impromptu maaquorade, and the pretty fib told by Juliet that she was going out to confession, when she is bent on being married! In England a young lady would have told her mamma that she was going to Mudie's or to married! in Legiand a young say would have told her mamina that she was going to Mudie's or to Regent street to purchase two yards and a half of maize-colored ribbon. And then the change of scene, the frequent dialogues that took place "in a street," "another street," "a public place!" Italy is the country above all others where people meet in streets and public places to talk together by the hour, to chat, to gossip, to first, and to quarrel; for those streets and places, you see, are lined with cool and shady arcades, along whose pavements you can saunter, against whose pillars
